

Seabeck Conference Center recognizes that COVID-19 has already and will continue to change the way people choose to gather. In an effort to provide guest groups with an excellent experience, we are committed to

- ✓ Limiting the entry of COVID-19.
- ✓ Working with guest groups to provide a safe environment for participants, leaders and Seabeck staff.
- ✓ Providing an atmosphere for growth, fun, and connection with modifications for safety.

— WHAT WE ASK YOU TO DO —

Guest Vaccination/Testing/Masks

All groups using Seabeck Conference Center must attest in writing that they have confirmed every member of their group, 2 years of age or older, has proof of vaccination and/or a negative COVID-19 test within 72 hours of arrival.

Masks are recommended for guests that are fully vaccinated, but required by unvaccinated guests when interacting with others. **ALL GUESTS WILL BE REQUIRED TO WEAR MASKS IN THE LOBBY AND IN THE DINING ROOM UNLESS THEY ARE EATING.** Groups are responsible for masking and social distancing in their meeting spaces and outside activities.

Daily Health Checks

Seabeck asks that groups monitor participants' health throughout their retreat by asking symptom screening questions. Individuals with symptoms should isolate from the rest of the group and management should be notified.

Create Smaller Groups

For large groups, we recommend breaking participants into smaller groups of individuals who are already staying in the same lodging together.

People with Increased Health Risks

If an individual is included in the CDC list of those who need to take extra precautions and have not been vaccinated, it is recommended that they do not attend. This is to protect everyone in your group as well as our staff and other guests.

Large Meetings

We ask that all groups practice social distancing when they are together in their meeting spaces and wear masks if any of their guests are exempt from wearing masks and have still attended the retreat. Have your meetings outdoors if the weather permits.

— WHAT SEABECK IS DOING —

Seabeck Staff Vaccinations

All Seabeck employees are required to provide proof of vaccinations to the Executive Director. This is to protect the guests, staff, and anyone that comes onto the Seabeck Conference Center campus. The Executive Director looks at the card and keeps of log of all employee vaccinations.

Food Service

Masks are required when entering the dining room, when getting your food and drink, and when leaving. We are now serving meals buffet style and the guests will be serving themselves. The salad bar is available for larger groups and individual salads for smaller groups. We are using single use condiments and disposable plates, cups and utensils.

Meeting Rooms

Seabeck staff will work with groups in the setup configuration of meeting rooms to ensure the meeting space is set in a way that allows members of large groups to practice social distancing.
